

## MECCANISMI TRASFORMABILI

# Duplex Lampo

elettrosaldata • doga

Meccanismo divano a tre posti, trasformabile in due letti singoli.

La parte superiore, mediante un semplice movimento scorrevole in avanti, facilita l'apertura di un posto a dormire. La parte inferiore è dotata di un sistema di scorrimento e di uno di sollevamento del posto a dormire tramite un maniglione.

Telaio in tubo da mobilio ad alta resistenza con verniciatura epossidica.

Piano dormita con doghe in faggio o rete elettrosaldata.

Può essere fornito anche di materasso a molle rivestito in cotone losangato, o in poliuretano rivestito in cotone losangato o tnt.

*A mechanism for three-seater sofas that can convert to two single beds.*

*With a simple movement, the top part slides out forwards to facilitate the opening of a single bed; the bottom part has a system to slide and lift out the second bed, using a handle.*

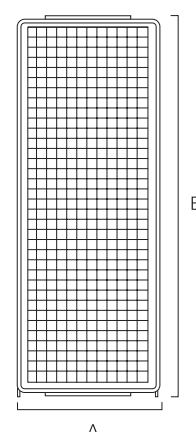

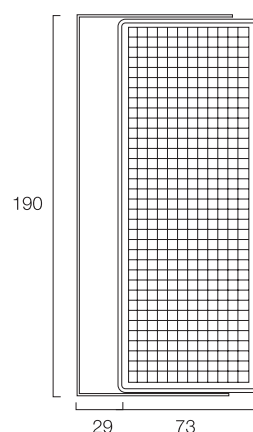

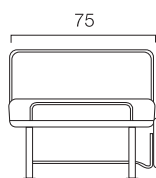

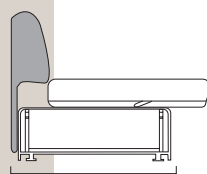

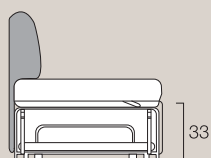

*Ultra-strong frame in furniture tubing painted with epoxy powders.*

*Sleeping surface with beech wood slats or fuse-bonded mesh.*

*Available with sprung mattresses covered with lozenge-pattern cotton, or in polyurethane covered with lozenge-pattern cotton or tnt.*
